Coronavirus Update: China Operations

Factory Contacts an...
43.4 KB

We would like to take a moment and ensure that our clients, partners, etc. are updated regarding the status of our operations in China.

Unfortunately, the New Year has been dominated by the 2019-nCoV (Coronavirus) outbreak. As of today, the number of confirmed cases has reached over 17,000, with over 300 deaths reported. We are monitoring the Johns Hopkins CSSE website that provides real-time data related to confirmed cases.

Wuhan (Hubei Province) is identified as the center of the outbreak and will remain under quarantine as the government continues with containment efforts. An increasing number of countries are now restricting visitors from this area, or China in general. Currently, more than 25 countries have confirmed cases.

Many companies, including manufacturers, in China are being asked to remain closed after the Lunar New Year holiday, through February 9th. We are among the organizations that will remain closed during this time and as advised. Please find attached our rescheduled resumption date including ways to contact our other factories outside China.

█████ remains proactive throughout the escalation of this virus. Two thousand masks from the U.S. were shipped to offices in China. Team chats are now in place to allow employees to check in and receive ongoing updates. We are grateful there are no cases of the Coronavirus affecting Pro QC employees at this time. Attached is also the approved ways by the WHO to avoid the virus.

We are asking our teams in the region to avoid crowded places as much as possible. And, we will continue to provide regular updates. We will work with the teams in China to continue managing operations from home starting February 3rd.

Please do not hesitate to contact your account manager or info@█████ for answers to questions, feedback, etc.

Subject **Corona Virus Latest Updates**

Good day,

Given the changing dynamics of the outbreak in China and globally, and recognizing we are in the midst of influenza season, we ask anyone who has been in China especially in Hubei province to consider staying home and keeping their children home until 14 days have passed from their last visit to Hubei.

Monitor yourself, relative and your children closely for symptoms, and if any symptoms arise, connect with your primary care provider, local public health office or call 811. This is an important way to reduce the possibility of transmission of illness to others.

We remain in regular contact with Chinese government and the province and are monitoring the situation closely, and will continue to keep you informed of new developments.

Kindly view and share the attached for latest updates and advice from the province, while we will continue to keep you informed of new developments.

Please note, if you are unsure of the origin of an external email please exercise caution before clicking on links or opening attachments.

Subject: CORONAVIRUS (COVID-20) OUTBREAK - EPIDEMIE DE CORONAVIRUS (COVID-20)

 **UNESCO**

Alert 

**CORONAVIRUS (COVID-19) OUTBREAK
PRECAUTIONARY MEASURES
UPDATE ON 20 FEBRUARY 2020**

Dear colleagues,

Given the evolving nature of the situation, which is being closely monitored by the concerned services at UNESCO, please be reminded of the following precautionary measures which are applicable at [UNESCO Headquarters and Field locations](#).

For some Field duty stations however, these measures may be adapted according to local health authority decisions in force.

For Staff (all types of contractual arrangements):

- All **missions** to affected areas are postponed until further notice. Any requests for derogations will be reviewed and authorized by ADG/ADM on a very exceptional basis.
- Individuals that have recently returned from affected areas should **telework from home for 14 calendar days** following their arrival at the duty station. Staff who is not able to telework should submit a "Special leave with pay for sanitary reasons" in the Leave Management System (TULIP), to be approved by the supervisor.
- At Headquarters, individuals that have recently returned from affected areas should immediately **inform the Medical Service** [

For Meetings, Events and Conference Organizers:

- Organizers must inform visitors and participants due to attend any events, conferences or meetings at UNESCO premises that **they should preferably not attend if they have travelled from the affected areas**.
- Organizers must encourage the use of **videoconferencing technologies** where possible to enable those visitors/participants to
